

Award Content Global Summit on Theoretical and Applied Nanoscience and Nanotechnology

Prof. Alexander M. Seifalian,

Award Content:

Best Key Note Speaker will be facilitated by the Chair of the conference, Best Organising Committee Member it will also facilitated by the Chair of the conference, Best Speaker will facilitated by both the chair and Ocm member of the conference, Best Masters/Ph.D/PosdDoc Thesis work presentation will facilitated by both the chair and Ocm member and the Best Poster Award will be facilitated by the Poster Judge.

Best Keynote Speaker:

Nanoscience Congress 2020 picks a significant keynote speaker to talk at gathering. All acknowledged keynote speakers proposition will be considered for the Best Keynote Speaker Award. The panel will choose various possibility for the honor among the acknowledged proposition. The victor will be chosen at the meeting, contemplating both the proposition and the introduction. Best keynote speaker can help inspiration, change their perspective and make group of spectators stimulated and propelled. For Keynote the individual ought to be prominent or profoundly associated like Dean, Professor, HOD, Chair people, CEO, CFO, MD and so forth. Choice of the Best Keynote Speaker will be made based on the member commitment and long periods of involvement with the particular explore field. Every accommodation will be acknowledged dependent on the nature of unique and meeting subject. Insignificant entries will be dismissed .The acknowledgment and dismissal of conceptual entries will be chosen by the Organizing council. All entries will experience a quality checking. Last affirmed theoretical will consider for Keynote Award.

Best Organising Committee Member:

The sorting out advisory group can benefit during the time spent dealing with the numerous undertakings that should be finished. Panel individuals, having a decent savviness of the occasion the executives plan, are all around set to give preparing, supervision and help to other faculty engaged with the association of the occasion. Unified Academies will respect as a best OCM the person who has exhibited their help and direction all through the meeting. OCM ought to be famous or profoundly partnered like Dean, Professor, HOD, Chair people, CEO, CFO, MD and so forth. .Determination of the best OCM will be made based on the member commitment and long stretches of involvement with the separate research field. They should have great number of research papers and references and ought to be progressively number of long stretches of understanding.

Best Speaker:

Nanoscience Congress 2020 believes in recognising our best speaker. The best speaker is selected as per their research abstract before the conference. All winners are determined by a selection panel. This award is designed to recognise and identify outstanding speakers who have achieved recent extraordinary eminence and success. Being an outstanding speaker means to deliver a message that engages an audience. The outstanding speaker award will also be given on the basis of organization and professionalism of presentation, communication skills of the presenter and appropriate use of time. Each session will be evaluated separately. For speaker the person should be Professor, Researcher, Scientist, Entrepreneur etc. .Selection of the Speaker will be made on the basis of the participant contribution in the respective research field. Each submission will be accepted based on the quality of abstract and conference sessions. Irrelevant submissions will be rejected. The acceptance and rejection of abstract submissions will be selected by the Organizing committee. All submissions will go through a procedure of quality checking by our team. Final approved abstract will consider for outstanding speaker award.

Best Masters/Ph.D/PosdDoc Thesis work presentation:

Nanoscience Congress 2020 gives the opportunity to young researchers in the different field of conferences. The best participants are selected as per their research abstract before the conference. If you are a young and dynamic researcher than you can join our conferences to explore new idea and research. A panel of judges will select the best YRF. Best YRF will be recognized publicly at the end of the conference. The Best YRF Award will be given to the most outstanding presentation presented by a participant who has registered under the student category. Undergraduates, Master students, and Ph.D. students will be considered under this category. Selection of the YRF will be made on the basis of the participant contribution in the respective research field each submission will be accepted based on the sessions of the conference. Irrelevant submissions will be rejected. The acceptance and rejection of abstract submissions will be selected by the committee. All submissions will go through a quality checking. Final approved abstract will consider for YRF award.

Best Poster:

To be qualified for the honor Students keen on having their blurbs considered for the Nanoscience Congress 2020 gathering, they more likely than not presented a dynamic of their publication to the meeting. The honor board of trustees will consider all publications that identify with the investigation of popular feeling, regardless of

Commercialisation Centre) / E-mail: alex@nanoregmed.com

whether they center around hypothesis, substantive discoveries, inquire about strategies, and additionally factual methods utilized in such research. All blurbs will naturally be considered for the Poster Award and the notices will occur in the meeting scene and Poster Judges will choose the best publications. The champs will be officially declared during the end function. The victors will get an endorsement grant.

Thank you,

With regards,
