Gynecology and Obstetric care 2020 is bringing the assemblage of specialists, abundance of information and also a cross-cultural understanding in the treatment and procedures focused on Women Health.

Opportunities available in **Gynecology and Obstetric care 2020!**

Research Excellence Awards

These awards are bestowed to the students who are graduated with a innovative and creative Research work in their carrier and are new to present their work in the conference. Since the motto of the conference is to search a best of best the award is provided to the work which is designed to create impact, or which shows the new dimensions of women health nursing.

Best Poster Award

One of the unique opportunity for all the attendees and delegates to express their thoughts and ideas of their research works and projects in the form a poster so there is a chance to present their work both orally and visually in the conference. Three best posters awards will be provided at the end of the ceremony for the most innovative and excellent research works. The judges honouring the panel will select and award the participants with a certificate and a momentary. These posters have a chance of exhibiting to public thus

they can be recognized with respect. The supporting journals will come forward to accept their work with the willingness of publishing the existing and the future work of the research.

Young scientist Award

Young graduates with most unique research work are warmly welcomed to compete in this area. The advancement in recent trends of science and technology made a tremendous change in the existing medical society. A young scientist's work should support these following thing and should possess an informative content for this society. The eligible candidate is the one who is going to present their research work for the first time. Two best researchers and researchers will be selected for the award. They are also motivated to collaborate with the big investors, developers and partners around the world. They are encouraged and supported to publish their full length research paper in the supporting journal of the event.

Do When It's time to Do...grab the chance and make it as an opportunity....

Thank you,

With regards,
