ANNOUNCEMENT

Call for Papers: Announcement

Allen Jenner*

ANNOUNCEMENT

It gives us great pleasure to inform our readers, authors, editors, and reviewers that the Journal of Behavioral Neuroscience has successfully disseminated three volumes around the world via the journal platform. We are now working on disseminating further updates in the fields of neuroscience and biological psychology. We'd like to thank our journal's contributors for their continued support and cooperation in bringing and publishing issues on the journal's website on time. In light of past submissions to the journal, we invite eminent authors to submit valuable submissions based on their recent ongoing studies on diagnosing sleep disorders, dementia research, measuring engagement in academic activities, daily self-quantification for health and productivity, and the development of mediation techniques and the development of mediation techniques, among other topics that fall within the scope of the journal.

ARTICLE TYPES

The following types of articles can be submitted by the authors in the journal:

TABLE 1. Types of articles according to word count.

Article type	Word count research
Article	1500-6000 words
Review Article	2000-7500 words
Original Article	2000-3000 words
Case/Brief Report	1000-1800 words
Editorial Note	500-800 words
Commentary	500-750 words
Short Communication	900-1200 words
Perspective/Opinion/Suggestions	900-1000 words
Letter to Editor	500-750 words

SUBMISSION PROCESS

The manuscript can be submitted online through Online Manuscript Submission System under the link Submit Manuscript: https://www.pulsus.com/submissions/behavioral-neuroscience.html following submission, the author will receive an E-mail from the journal with the manuscript number and credentials to track the status of the work. The paper goes through a quick peer-review process, is accepted by the editor, and then is formatted and edited. The entire screening and publication process takes roughly 30-45 days.

ADVERTISEMENT PLATFORM

Journal of Behavioral Neuroscience also welcomes industrial enterprises and weather forecasting stations to promote their assets/newsletters on the journal's website. Universities and Institutes can contact us for a global notice for International conferences/webinars, workshops, exhibitions, and academic reports of activities that are normally held at regular intervals as part of the curriculum.

MEMBERSHIPS AND REPRINTS

For regular visitors/authors/reviewers/editors of the journal, the journal provides a variety of membership options. As a result, we supply complimentary reprints to the journal's subscribers. As per the requirement, we provide reprints of individual selected articles/issue(s)/volume(s) or customized reprints.

SURVEY AND FEEDBACK

Journal of Behavioural Neuroscience is a developing publication, and the team behind it is constantly working to improve it and make it a more appealing platform. To fulfill the aims, the journal distributes survey questionnaires at predetermined intervals to collect suggestions/feedback from the journal's audience, and the work is then directed accordingly.
