

Chronic Nephrology Disorders

Ahmed Said Abdel-Hameid Shoker

EDITORIAL NOTE

I am Happy to announce that the Clinical Nephrology And Research is a journal and that gave me opportunity to bring forward the achievements of the journal in the year 2018. As we know that PULCNR is the newly coined journal, it is under development and growing fast to be indexed by various indexing agencies. The entire issue was published by PULCNR at the time and the preprints were also released and dispatched online within 30 days after the article was published online. PULCNR accept all types of articles, including research papers, case studies, review papers, brief commentaries, mini analysis etc. on Chronic Nephrology disorders.

The scope of the Clinical Nephrology And Research Journal encompass various branches of nephrology, such as, clinical nephrology, diabetic nephropathy, pediatric nephrology, renal replacement therapy, dialysis, renal transplantation and immunosuppressant management. In addition, the journal prioritizes the publication of manuscripts that showcase the process of advent of novel methodologies relating to kidney biopsy, renal replacement, peritoneal dialysis, histochemical and pathological analysis of acute kidney injury, kidney neoplasms, renal necrosis, calculi, carcinoma, horseshoe kidney, renal hypertension and other chronic kidney diseases. Manuscripts based on novel medical interventions aimed towards prevention of kidney diseases are highly solicited.

The journal accepts original research and concepts by researchers from all over the world. We hope that the researchers will enjoy a perfect platform to demonstrate the importance of their research work by publishing in this journal. I take this opportunity to thank Pulsus group of publications for its mission in making the journey to take this on-line publication of the journal

to a global audience. I believe that this journal will serve the scientific community better. I wish to encourage our scientific community to contribute their original research from to facilitate a continued success of the journal. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of PULCNR, for their support in bringing out yet another volume of PULCNR and look forward to their unrelenting support.

We know how much time and effort goes into writing a good peer review, and we deeply value the input of reviewers who volunteer their time and expertise to provide essential feedback that ensures the high quality of research published in each issue of the journal. We appreciate our peer reviewers for taking the time and effort necessary to provide insightful guidance, and we try to show our appreciation to our reviewers. Each year we send letters recognizing the efforts of our best reviewers.

PULCNR is a high-quality journal devoted to the management of time and completes all the work on writing any article in a given period of time. As the cumulative time span of every article to be published online is 45 days from the date of receipt. The time is taken from 4 to 5 weeks for various processes such as quality check, peer review, processing of article. Quality checks and peer review processes complete within 14 days and the time period for the publication is only 7 days after acceptance of the article by reviewers and editors.

Finally, I would like to welcome you, our readers to this promising new journal of PULCNR. Hope you will find amiable reading and challenging ideas from this journal. Happy and pleasant reading!

Professor, Department of Medicine and Nephrology, University of Saskatchewan, Canada.
