

Editorial Highlights for Hepato-Gastroenterology Journal

Barry P McMahon

I am pleased to introduce Hepato-Gastroenterology (PULHG) a rapid peer reviewed Journal which have a key concerns on medicine focused on the digestive system and its disorders. Diseases affecting the gastrointestinal tract, which include the organs from mouth to anus, along the alimentary canal, are the focus of this field. I am pleased to announce that, all issues of volume 4 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2020.

It is a Peer reviewed medical journal that includes a wide range of research on Hepatic diseases, associated disorders, and their treatment, pancreas and creates a platform for the authors to make their contribution towards the journal. It works on topics concerning medical and surgical management of gastrointestinal diseases, including the exploration of new therapeutic trends.

The SJR ranking of the Journal is 0.388 as well as ISSN no is 01726390. PULHG impact factor for the year 2018 was 0.442. The H-index of the journal is 70 and PULHG ranked first among all journals in the field of Clinical Skills and 295th in the world as per the Scimago ranking.

During the calendar year of 2019, PULHG received a total of 30 manuscript, out of which 20 articles (70%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2020 around 11 articles were subjected for publication after they are accepted in the peer review process. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2020, a total of two Editors, seven Reviewers joined the board of PULHG and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Barry P McMahon) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of PULHG in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of PULHG, the office bearers for their support in bringing out yet another volume of PULHG and look forward to their unrelenting support to bring out the Volume 5 of PULHG in scheduled time.
