

Editorial Note for Clinical Cardiology Journal

Kumar S*

EDITORIAL NOTE

On behalf of the Board of the Clinical Cardiology Journal and my co-editors, I am glad to present the successful journey of the journal upon the completion of three years milestone of establishment in 2019. I am delighted to mention that during the year 2019, 2 issues of volume 3 were published online well within the time. Till 2019, Clinical Cardiology Journal received a total of 20 papers, out of which 10 articles have been rejected in the quality check process due to plagiarism or being out of the format. Around 10 articles were subjected to the peer-review process and 8 of those were accepted and published in journal (4 articles per issue).

As a Scientific Open Access journal, the objective of Clinical Cardiology Journal is to publish the latest advancements in Critical Cardiology, Interventional cardiology, Echocardiography, Pediatric cardiology, Cardiogeriatrics, Diagnostic Cardiology, Invasive Cardiology, Cardiology Procedures. Clinical Cardiology Journal invites Clinical cardiology related researchers and authors to publish their work findings as research, reviews, case reports, short communications, clinical images, letters to the editor, guidelines, and clinical techniques that are confined to the scope of the journal.

In order to publish up-to-date, high-quality and original research, Clinical Cardiology Journal focused on the present pandemic Covid-19 and coined first special issue of 2020 with the title: Impact of COVID-19 on cardiac patients. The topics to be covered under this are

1. Managing cardiac patients
2. Cardiology diagnosis & treatment
3. Emergency planning for critically ill cardiac patients
4. Special safety precautions to Cardiology staff.

Manuscripts can be submitted online via Editorial Tracking System (<https://www.pulsus.com/submissions/clinical-cardiology-journal.html>) or as an E-mail attachment to the Editorial Office at clincardiology@clinicalres.org. Clinical Cardiology Journal is using Online Review and Editorial Tracking Systems for quality review process and the authors can submit manuscripts and track their progress.

I would like to take this opportunity to acknowledge the contribution of Dr. Fazliddin Sobirov Karimkulovich during the final editing of articles published and the support rendered by the editorial assistant, Ms. Catherine D'Souza in bringing out issues of Clinical Cardiology Journal in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, and the editorial board of Clinical Cardiology Journal, the office bearers and staff for their support in bringing out yet another volume of Clinical Cardiology Journal and look forward to their unrelenting support to bring out the Volume 4 of Clinical Cardiology Journal in scheduled time.
