

Editorial Note for Journal of Neurodevelopmental Disorders and Treatment

Joseph Smith

Editorial Note

This is delightful to share that Journal of Neurodevelopment Disorders and Treatment is working to release issues bimonthly and therefore we are connecting authors around the globe. After conquering the Covid-19 pandemic we are again on the way to promulgate the current updates in the realm of neurological disorders, advanced diagnostic methods and treatments. The journal has well established editorial board having eminent and experienced researchers from different continental regions contributing in the journal. The Reviewers of the journal helps the journal team in completing the review process with 14-21 days and hence we are able to process and publish the articles within time.

The journal is utilizing Editorial Manager System for quality in audit measure. Article Manager is an online original copy accommodation, audit and global positioning frameworks. Audit preparing is performed by the publication board individuals from Journal of Neurodevelopmental disorders or outside specialists; at any rate two autonomous commentators endorsement followed by manager endorsement is needed for acknowledgment of any citable composition. Authors may submit compositions and keep tabs on their development through the framework, ideally to distribution. Analysts can download compositions and present their conclusions to the supervisor. Editors can deal with the entire accommodation/audit/overhaul/distribute measure.

The guest's traffic is the benchmark for the achievement of any logical diary and the Journal of Neurodevelopment Disorders and Treatment is continually pulling in watchers across the world. As indicated by the Google Analytics, more than pursuers are visiting to our journal sites for submitting compositions, to read the most recent exploration distributed on environment and to allude the distributed substance for conceptualizing their examination study, inferring research speculations, case reports and approving their commitments.

The Readers from the significant nations including United States, Japan, United Kingdom, India, Egypt and Nigeria visit our journal to find out about the progressing research exercises in this field. The advancement of the individual creator commitments is dealt with and subsequently the creators appreciate the standing among worldwide crowd. A total of 50 research scientists from all over the world contributed as reviewer in the journal. We have 13 Editors in the Editorial Board of the journal who actively contributed with their valuable services throughout the year for the publication of articles.

It is of immense pleasure to acknowledge the valuable contribution of authors in the journal. On behalf of the journal team, I would also like to express my sincere gratitude to the editorial committee and the reviewers for achieving fast track review process and selecting the quality articles. The efforts of all the supporting members include QC team, web and graphics team, finance team, managing editors for their support in bringing out yet another volume of PULNDT and look forward to their unrelenting support to bring out the Volume 3 of Neurodevelopment Disorders and Treatment in scheduled time. The journal is also working to provide reprints as well as e-prints to the authors. Along with the original full length article we welcome bloggers to submit their views and updates in the scope of the journal.
