

Editorial Note for Journal of Nursing Research and Practice

I am pleased to introduce [Journal of Nursing Research and Practice](#) (ISSN 2632-251X) a rapid peer reviewed Journal aimed at exploring the novel strategies in the field of patient care and Nursing. The Journal provides a complete overview of the topics in this field on an Open access platform. The Journal encompasses vast spectrum of topics within this field including but not limited to; Patient Health, Nursing Care Quality, Health care, Pediatric care, Physician implementation, Family Health Care Nursing, Community Health Systems, Physiological Nursing, Long-Term Care, Nurse Research Training, and Clinical Training in Nursing. This journal also covers the entire study on micro and macro nutrients as well as applied research on nutrition and dietetics education. I am pleased to announce that, all issues of volume 6 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The journal covers a broad spectrum of topics for study that discusses theories and concepts. Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Journal of Nursing Research and Practices is an Open Access, Peer-reviewed journal that includes a wide range of fields in these areas and creates a platform for the authors to make their contribution towards the journal. It aims to publish the most complete and reliable source of information on discoveries and current developments and high impact nursing researches in the mode of original articles, review articles, case reports, short communications, etc. in this field and provide online access to the researchers worldwide

During the calendar year of 2019, JNRP received a total of 45 manuscript, out of which 28 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 11 articles were subjected for publication after they are accepted in the peer review process. In the 4 issues of Volume 3 published during the year 2019, a total of 20 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of JNRP and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will be beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of Managing Editor: Emma Heilig during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JNRP in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JNRP, the office bearers for their support in bringing out yet another volume of JNRP and look forward to their unrelenting support to bring out the Volume 4 of JNRP in scheduled time.
