

Editorial note for Journal of pure and applied mathematics

Michael Th. Rassias

Michael Th. Rassias. Editorial note for Journal of pure and applied mathematics. *J Pur Appl Math.* 2020; 4(2):4:4.

Dear Readers,

With a great pleasure, I would like to express my happiness on the eve of entering into the 4th year of this Scientific Publishing Field.

Initially we started this Journal of pure and applied mathematics with the aim to disseminate advanced knowledge all over the globe.

Thankfully, with the constant support of Eminent Editorial Board Members, Potential Reviewers and Active Authors we are able to run this journal so successfully till now and we hope it continues in near future also.

Journal of pure and applied mathematics provides the bimonthly publication of articles. In the year of 2019, we have published a very good number of articles, which were recent discoveries.

In the past years, apart from releasing regular issues at present, our main focus is to make scientific papers more accessible for aspiring researchers.

With the support of Editorial board members, Executive editors and Guest Editors, we are planning to come up with interesting special issue topics to encourage the authors.

Journal of pure and applied mathematics comes under the top ten journals in this open access field. In 2020, we have already released one issue and now we are in the process of releasing another issue.

Finally, Journal of pure and applied mathematics sincerely appreciates each and every member for their valuable service in this Publication Process.

We always look forward to work with many young scientists across the globe.

We always look forward to work with many young scientists across the globe

I take this opportunity to acknowledge the contribution of (Michael Th. Rassias) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of PULJPAM in time.

I would also like to express my gratitude to all authors, reviewers, the publisher, the advisory and the editorial board of PULJPAM, the office bearers for their support in bringing out yet another volume of PULJPAM and look forward to their unrelenting support to bring out the volume 4 of PULJPAM in scheduled time.
