

30th International Conference on Public Mental Health and Neurosciences December 08, 2020, Webinar

Editorial Note

We had a huge success with the 30th International Conference on Public Mental Health and Neurosciences Webinar scheduled on December 08, 2020.

The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their knowledge, research work, technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world.

This has been organized with the aim to the corporate community and to create a platform for the exchange of information on technological developments, new scientific modernization and the effectiveness of various regulatory programs towards World Mental Health 2020. The conference was organized around the theme "Mind Your Body-Mind Your Health". The congress entrenched a firm relation of future strategies in the field of Psychiatry.

We would like to thank
