

## Editorial Note for Journal of Environmental Geology

---

In Kim

---

It is our pleasure to announce that during year 2019, all issues of volume 3 were published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

Journal of Environmental Geology during this year also brought out Joint Event on Global Recycling Summit & 6th International Conference on Material Science and Nanotechnology, which consisted of ~ 25 abstracts.

All published articles of this journal are included in the indexing and abstracting coverage of World Cat, Publons (Part of Web of science group, a Clarivate Analytics Company), Directory of Research Journals Indexing, Google Scholar and Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant will be submitted to PubMed.

During years 2017-2019, Environmental Geology received a total

of 65 papers, out of which 43 articles (68%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process, around 22 articles were subjected for publication after they are accepted in the peer review process from authors all around the world.

I take this opportunity to acknowledge the contribution of Editor-in-Chief: Manoj Khandelwal (Australia) and Associate Editors: Irfan Yolcubal (Turkey), Rubén Esteban Pérez (Spain) during the final editing of articles published and the support rendered by the editorial assistant: Lohani M in bringing out issues of Journal of Environmental Geology in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Environmental Geology, the office bearers for their support in bringing out yet another volume of Environmental Geology and look forward to their unrelenting support to bring out the Volume 4 of Environmental Geology in scheduled time.
