5th International Conference on Surgery and Anaesthesia is going to be held online in Singapore city, Singapore on May 21, 2021 at 10:00 am (GMT+2). We invite you to join the global event that impacts the advancements and technology trends in Surgery and Anaesthesia. The theme of the conference is "Accelerating Advance Research and Innovation in Surgery". Surgery Conference will discuss the latest research outcomes and technological advancements in the field bringing together leading surgeons, physicians, research scholars to exchange their views on critical aspects of Surgery research. This online conference is designed in a way to provide an exclusive platform for new researchers and scholars to present and discuss the most recent innovations, trends and practical challenges encountered, and the solutions adopted in the field of Surgery. Surgery Conference is focused to address the constant effort being made by scientists to improve the existing and inventing novel technologies for the future.

The main aim of Surgery 2021 is to give voice to an outstanding program for discourse and authoritative views by leading scientists which covers the entire spectrum of research in surgery thereby sharing the cross-cultural experiences of various treatment procedures. Surgery Conference happens to be an annual meeting of surgeons committees to explore the future of the surgical disorders in terms of collaboration, structures and organizational development and advances of surgery. It is already into our notice that an ample of resources is needed to recover the people suffering from Surgical Disorders and Diseases.
