

International Conference on Oncology and Cancer

Sergey Suchkov

ABSTRACT

International Conference on Oncology and Cancer happened during June 02, 2020 is an international webinar for frank and challenging dialogue, exploring possibilities and dilemmas associated with advancement in oncology and cancer.

The conference brought together cancer care professionals, thought leaders, doctors, researchers, entrepreneurs, nurses, professors, directors, oncologists. Over two days, participants were encouraged to share experience, insights and strategies for moving the delivery of exceptional cancer care and permitting the professional well-being of the entire care team.

The format of the meeting involved a mixture of keynote talks, presentations on topical issues, and extensive panel discussions, as well as the introduction of interactive working groups, and plenty of scheduled time for official and informal networking.

The event was carried out through different sessions, in which the discussions were held on the major scientific topics but not limited to: Breast Cancer, Colorectal Cancer, Oncology, Lung cancer, Melanoma, Carcinoma, Chemotherapy, Immunotherapy and more.

The event was embarked with an opening ceremony followed by a series of dynamic lectures delivered by both the members of the Keynote forum and speakers.

Conference committee would like to present heartiest acknowledgement to all the speakers and delegates whose support and active participation helped us in making the scientific conference successful with their insightful presentation, talks and interesting discussions.

We would like to praise all the award winners for their meritorious performance in the field of Cancer Nursing and are grateful to all and sincerely wishes them success in future endeavors!
