

## Editorial Note

### Journal of Pediatric Health Care and Medicine

Journal of Pediatric Health Care and Medicine, Pulsus publications, is a scientific platform for the scholars to publish their scientific work in the field of Pediatrics. The priority of the journal is presenting scholars innovative work to scientific community. It is an open access and peer-reviewed journal by eminent Editorial Board and the manuscripts are peer reviewed by potential reviewers according to their research interest.

I am pleased to mention that during the year 2019, all the articles were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. For the last 5 years, published papers has been under the strong and able leadership of our Editor-in-Chief's, **Dr. Peter D Wong, Dr. Alicia Núñez Abréu, Dr. Pawel Lizis, Dr. Marcos Roberto Tovani Palone, Dr. Ursula Kenny, Dr. Julian Legg, Dr. Ashlesha Kaushik, Dr. Mohamed Almuqamam, Dr Pierluigi Marzuillo.**

We are thankful to these editors- in-chief for their continuous support and dedication will not lost. We the publication office of Journal of Pediatric Health Care and Medicine including me, we all are very honored and grateful for their selfless devotion towards the journal. We provide a rapid turn-around time possible for peer reviewing and publishing the articles freely for research, teaching and reference purpose.

### Scope of the Journal:

The Journal of Pediatric Health Care and Medicine is an open access Journal committed to publish cutting-edge research in neonatal and pediatric medicine and healthcare. The Journal is a comprehensive repository of scientific research in all areas of children's growth, development, and well-being including: birth defects, infant and child morbidity and mortality, early or late pubertal development, physical, mental, and social disabilities in children.

The Journal places special impetus on pediatric sub-specialties such as: Neonatology, General Pediatrics, Pediatric Surgery, Pediatric Oncology, Pediatric Neurology, Pediatric Endocrinology, Pediatric Psychiatry, Pediatric Anaesthesia, Pediatric Ophthalmology, Pediatric Urology, Pediatric Nursing, Pediatric Critical Care and Social Pediatrics etc. Studies on Neonatal medicine, Adolescent Medicine, Pediatric Immunization and Pediatric immunization practices are also welcome.

The Journal also encompasses studies dealing with issues such as childhood illnesses and infections, child behavior problems, development of cognitive skills in children, child abuse pediatrics, pediatric palliative care, and diagnostic tests for screening genetic and congenital disorders in newborns.

I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Pediatric Health Care and Medicine, the office bearers and staff secretariat for their support in bringing out yet another volume of Journal of Pediatric Health Care and Medicine and look forward to their unrelenting support to bring out the outcome in scheduled time.
