

Market Analysis of Nursing Education 2020

Rabie'e Al Rashdi

Analysis and Aspects of Registered Nurses 2020 Conference

On behalf of the 8th World [Nursing Education](#) and Evidence Based Practice Conference's scientific and board committee members, we would like to invite all the participants and exhibitors from the world to Vienna, Austria on June 01-02, 2020. We have decided to include proficient keynote speech, poster presentation, oral presentation, seminars, workshops, symposia, and exhibitions in the program. So, it will be an exclusive stage for nurses, nursing researchers, students, physicians, educators to show case and present their novel ideas and to discuss the most recent innovations and key concerns adopted in the field of nursing and [health care](#).

The Vienna will be the best venue for conducting this International [Nursing Education](#) event. Because, as per the market analysis, around 59400 full time equivalent nurses and the midwives are working in Austria. The nursing profession is experiencing extensive change, and they have an unprecedented chance to extend their clinical knowledge and expertise in Austria. It is a place with a huge number of nursing courses offered universities and schools.

Nursing Education Conference provide a worldwide stage to worldwide systems administration and trading most recent developments in nursing and healthcare. Offering opportunity to go to the presentations conveyed by eminent experts from everywhere throughout the world. Participating in Nursing Education Congress gives an approach to meet, cooperate with, and make contacts with different specialists in your claim to fame region. Most meetings will have creators, analysts, or clinicians who are perceived specialists in the field. Nursing conferences unites people who have an enthusiasm for various fields of nursing like psychiatric, cancer, cardiac, critical care, adult & women health, legal, pediatric and emergency nursing, midwifery, [public health](#), healthcare and medicine from practice, research, administration, policy and education.

Quick Look at the Revenue of Nursing Career

According to the U.S. Authority of Labor Statistics', the middle national yearly pay for authorized reasonable and authorized qualified nurses is \$68,450. Whereas a licensed vocational nurse can earn \$50,000. Actual pay rates may differ extremely considering their specialization within the field, area, years of experience and an assortment of different variables.

The nursing deficiency offers to a great degree promising open door for current medical caretakers acquiring a higher degree and for [nursing](#) understudies planning to enter the workforce. Numerous hospitals are currently offering impetus projects to attract nurses that includes:

- Replacement Assistance
- Loan Repayment programs
- Housing Assistance
- Enlistment Rewards (in the range of \$2,000 to \$20,000) and so on.

Development of Nursing Research in future

From the past three periods we have witnessed a remarkable growth in nursing and healthcare increase. According to the reviews, both the Korea and the United States of America, nurse researchers are poised to address important issues related to the prevention and administration of major health care problems. The need for greater nursing care development in the areas of self-management, geriatrics and genetics, health promotion across the lifetime, technology, and mental health are briefly highlighted. Forthcoming research efforts will be enhanced by interdisciplinary association and the creation of international nursing research centres. At one go, we need to remain cognizant of the position of mentoring upcoming nursing research.

Why do nurses attend conferences?

The nursing conferences are one of the best ways to hear about the recent advancements and innovations in nursing practice. Most of the nurses are interested to enhance their knowledge and practice by learning the latest developments and for them, the 6th World Nursing and Nursing Care Congress is the best stage.

- To gain opportunity to meet and interact with experts in the field of nursing (After the conference sessions B2B meetings are arranged for the interactions)
- To present and develop the research ideas and projects
