

Past Conference Report- Material Chemistry Conference

Material Chemistry Conference welcome chemical professionals, researchers, professors, scientific communities, delegates, students, business professionals and executives from all over the world to attend the 19th World Congress on Material Chemistry and Nano Materials with the theme "An approach to better understand the Material Chemistry & Nano Materials". Material Chemistry 2020 aims to proclaim knowledge and share new ideas amongst the professionals, industrialists, and students from research areas of Materials Science, Nanotechnology, Chemistry and Physics to share their research experiences and indulge in interactive discussions and technical sessions at the event.

The Conference will also have a space for companies and institutions to present their services, products, innovations and research results. Materials Chemistry 2020, offers a great opportunity to meet people in the field of Material Chemistry. It enables to know the recent trends in the Material Chemistry by professed scientists globally. It allows the company representatives to exhibit their products and to have meetings with the scientists in order to increase their business opportunities.

Scientific Sessions:

1. Analytical Techniques and Instrumentation
2. Nano materials
3. Materials Synthesis and Characterization

4. Applied Material Chemistry
5. Polymer Science and Applications
6. Nanotechnology in tissue engineering
7. Materials Science and Engineering
8. Organic Materials Chemistry
9. Green Nano Technology
10. Science and Technology of Advanced Materials

Past Speakers:

- Pabitra Kumar Paul, Jadavpur University, India
- Shirin Alexander – Swansea University, UK
- Xinhua Liu, Imperial College, London
- Vanessa Fierro, University de Lorraine, France
- Myongsoo Lee, Jilin University, China
- Chenhui Zhu, Northwestern University, China
- Elaine Yoshiko Matsubara, University of Sao paulo, Brazil
- Mahmoud Syed ABD El-Sadek, South Valley University, Egypt
- Vagif Ibarhimov, Baku State University, Azerbaijan
