

**Editorial on past conference report of forinter  
in Nanotechnology and Nanomaterials(  
Nanotechnology 2020)**

The “Frontiers in Nanotechnology and Nanomaterials “ hosted by the Longdom conference held during May 04-05, 2020 , Vienna, Austria “Focusing and Expanding the Significant Assessment in Nanotechnology Inventions to the Globe”. Benevolent response and active participation was received from the Organizing Committee Members along with Scientists, Researchers, Students and leaders from various fields of Nanotechnology, Nanomaterials, who made this event a grand success.

Longdom conference expresses its gratitude to the conference Moderator, namely

Mina Hoorfar, School of Engineering, University of British Columbia, Kelowna, BC, Canada taking up the top-ics of “Graphene-Coated Spandex Sensors for Compos-ites Health Monitoring” the responsibility to coordinate during the sessions. We are indebted to your support.

We also express our sincere thanks for chairing the ses-sions to:

1. Mr BELAY Minase Woldegebriel, National Taiwan University of Science and Technology, Taiwan.
2. Nguyen Duc Hung, Institute of Environmental Tech-nology, VAST, 18 Hoang Quoc Viet, CauGiay, Hanoi, Vietnam.

Longdom conference offers its heartfelt appreciation to organizations such as PlasmaChem BREC Solutions Limited, Allied Academies, Bentham Science, Andrew John Publishing Inc., New York private Equity Forum and oth-er eminent personalities who supported the conference by promoting in various modes online and offline which helped the conference reach every nook and corner of the globe. Longdom conference also took privilege to felici-tate the Keynote Speakers, Organizing Committee Mem-bers, Chairs and sponsors who supported this event.

With the grand success of Nanotechnology 2020, Longdom Conference is proud to announce the “Conference on Frontiers in Nanotechnology and Nanomaterials “ to be held during May 04-05, 2020.
