

## Past Conference Report of Global World Heart Congress

Franz H Messerli

### ABSTRACT

**Global World Heart Congress** organized by Allied Academies was held on **June 16-17, 2020** at **Edinburgh, Scotland**. The conference highlighted the theme, "Addressing new developments and technology in the field of Cardiology and Cardiac health". It is an annual meeting for the study of recent advancements and techniques of Cardiac Surgery.

The conference was initiated with a warm welcome note from Honorable guests. The conference was marked by the presence of renowned scientists, talented young researchers, students and business delegates driving the event into the path of success with thought-provoking keynote and plenary presentations. Active participation and generous response were received from the Organizing Committee Members. Professors, Researchers, and Students from diverse groups made this conference one of the most successful and productive events in 2020.

Allied Academies has taken the privilege of felicitating Heart Congress 2020 Organizing Committee and Keynote Speakers who supported and contributed to the success of this event.

We sincerely thank the Organizing Committee Members, Participants and Media Partners for their gracious presence and generous support, without which the conference would not have reached the pinnacle of success.
