

# Replenish the Rudiments of Addiction Science and Prink Rehabilitation

Kathy sexton-Radek

Addiction Committee is honored and privileged to welcome all the Addiction professionals to join the auspicious event “4th International Conference on Addiction Research and Therapy” which transpires on October 08-09, 2021 at Madrid, Spain.

After completing very rich three successful versions, we are proud to have been able to bring together from across the world to share ideas, solutions, and success stories. As you know, this Addiction Conference brings you the opportunity to interact with people across the world who have also dedicated their professional lives to the addiction and helping individuals to achieve recovery and return to the most fruitful life possible.

This two-day conference perhaps a giant event that creates an ideal platform to share expertise in addressing current technologies involved in Addiction Recovery.

We are much obliged to welcome all the addiction-related Researchers, Professors, Doctors, Addictologist, Addiction Counselors, Addiction Therapist, Addiction Psychiatrist, Addiction Specialist, Mental Health Specialist, Psychotherapist, Clinical Psychiatrist, Psychologist, Psychiatrist, Students, Graduates and all Addiction Rehab Centers to participate and share their insights.

It is a wonderful opportunity for all to explore international networking and collaborates with world-class professionals.

4th International Conference on Addiction Research and Therapy is designed under the theme “An understandable look at the dilemma of Addiction” to show the latest trends in Addiction Science.

The key motto of the Addiction Conference is to unite like-minded individuals to mold the future of research that will shape the future of the world. Addiction Conference will rewrite your brain with the new technique and innovation which will help to boost self-esteem and confidence.

The Addiction Conference will feature for two days of scientific research on the latest developments which will include 15+ Keynote Speeches, 50+ invited talks, and 100+ technical papers and it's going to be a huge platform with more than 300 participants all around the world.

It is an initiative to eradicate addiction by empowering addiction recovery and its therapy. While many of the brain issues that are caused by addiction and substance abuse cannot be reversed completely, this gathering will be the best place to search out the latest research and learn how to manage the symptoms of addiction that may facilitate people to accomplish recovery.

Looking forward to working with you at Addiction 2021.

We look forward to the success of the Addiction 2021 Conference like our other series of Addiction Conferences!!

**Join with us, Addiction 2021 is forthcoming!**
