

Save the Date for the upcoming 2nd World Congress on Primary Healthcare and Medicare Summit | February 19-20, 2020 | Paris, France

Loai Aljerf

Followed by the prolific success of the [Primary Healthcare 2019](#), we are hosting its next edition “**2nd World Congress on Primary Healthcare and Medicare Summit**” in **Paris, France** on **February 19-20, 2020**.

The conference's motto "Healthcare: Our Vision, Priorities and Future Strategies" captures the conference's collaborative spirit that will be both a scientific and educational event.

Medical doctors, registered nurses, professors, instructors, executives, dietitians, research associates, clinicians, public health professionals, and much more from leading academies, corporations, and hospitals.

The conference offers a unique forum for participants to exchange knowledge and experience in the prevention of healthcare-associated infections and control of diseases around the world.

This time we have introduced some new highlights for our Primary Healthcare Congress

The most resonating issues will be discussed including quality of patient care, new approaches of hospital epidemiology research and early results of major clinical trials in the field, enhanced preventive techniques using different implementation tools as well as social media, telemedicine, and simulation models.

Primary Healthcare 2020 is expecting more than 200+ Participants to enlighten the program. This time the [Primary Healthcare 2020](#) will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several new tracks to bring in more participants.

We hope you will also be able to get some glimpses of Paris, France, amid an intensive conference programme. Paris is France's first largest city and a cosmopolitan and multicultural city that has hosted numerous international organizations.

We look forward to your active participation in Primary Healthcare 2020 and welcome you on February 19-20, 2020 in Paris, France – please mark your calendars! '

Successful Completion of World Congress on Primary Healthcare and Medicare Summit | May 20-21, 2019 | Rome, Italy

With a great support from our Collaborators and Organizing Committee, PULSUS Conferences successfully completed the “**Primary Healthcare and Medicare Summit**” which was held at **Rome, Italy** on **May 20-21, 2019**.

We would like to thank all our fantastic keynotes, speakers, conference participants, students, organizations, media partners, exhibitors and visitors for making Primary healthcare 2020 a successful and memorable event. The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

Primary Healthcare | Primary Healthcare - Pediatrics | Primary Healthcare in Women

Primary Healthcare Management | Integral Part of Healthcare System | Nurse Practitioner

Enhancing Disease Surveillance | Genome Sequencing - Assessing the Healthcare | Academic Family Medicine

The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference began with an opening ceremony followed by a sequence of presentations given by both Honorable Guests and keynote forum participants.
