

## Standard Medical Co-Op

**Dean Morgan**

ABC Computer Repair Service, Dean Morgan Realty LLC, 5916 Willow Wood Ln, Dallas TX

### Abstract:

The program is endorsed by Pratter and Pram. Most people say this is a Concierge medical program. Signing up is easy and I have a billing company ready for you if you want or you can use your own. Patients sign up at your place or online and pay the Doctor. Any extra procedures would be added to the monthly bill or paid thru Pratter. The cool thing about this program is the main place the patient signs up get the base monthly payment. If the patient is out of town they will have access by a medical card to call another place that is in the Co-Op like a PPO, and unless there is no other procedure needed, that visit would be free. The customer would be able to go to the clinic 2 times per month and pay an additional fee if needed if they need to go multiple times. All fees are not in stone. However I have fee chart . There is no copay's; coinsurance, deductibles and all pre-existing conditions are fine. This program is not insurance. If you use our billing company the cost would be 9% of whatever is collected monthly. Paid bi-monthly, if you use your own billing company the fee is 3%. The website is not completed yet for this program. Stdmedical.com. Please see the contract attached if you want to sign up. Dr. Allan Friedman is our consultant in Dallas. In the next few months over a 1000 places will have signed up for this and the clinics that are not making money will start getting better and be able to expand their business.

### Biography:

Dean Morgan Broker BABY BOOMER BUDDIES ABC Computer Repair Service Dean Morgan Realty LLC 5916 Willow Wood Ln Dallas TX 75252. Owner Standard Medical Co-op. A program like Obamacare , only instead of the insurance company making the money, the doctors, hospitals and facilities will. Program is free, and

the more doctors get into the Co-op the better for the patients. Patients will be able save money and pay payments on the services needed. Nobody turned down, no coinsurance, no copay, no pre-existing problems. Some prescription drugs given at clinic.
