

With Utmost Sincere Appreciation, Soliciting you to 5th World Congress on Neurology and Therapeutics the one in Barcelona, Spain during Dec 07-08, 2020

Asha Mankowska

It was a tremendous success over the year of series to establish a strong affinity with our [advanced neurological solutions](#), diagnosis and [Neurotherapeutics](#).

Pulsus Group organized this year's [neurology conference](#) primarily based on the feedback of esteemed attendees, so get equipped for a streamlined agenda packed with neurologists, neurosurgeons, neuro physicians, neuro freaks, neuro specialists, business, innovations in health care, and masses of opportunities to share ideas and provide remarks.

Our propitious [neurology congress](#) is tailored around the theme "Know the Unknown Advanced Solutions on Neurology"

With the sincere support of the Organizing Committee Members, and one among them is Asha Mankowska, Your Favorite Business Coach International, California with her indomitable and optimistic attitude towards our event on the title of The state of stress in today's leadership world.

Also the Participants, media partners, press release partners, collaborators of [Advanced Neurology](#) last event, we step on to the next series of our World Congress to gain a lot more spotlight, world-wide recognition for [Advanced Neurology](#) last event in Prague, Czech Republic.

The meeting is comprised of diverse scientific sessions, in which neurology congress was held; Neurology, Neurophysiology & CNS, Neuropsychiatry and Mental Health, Neurosurgery, Neurorehabilitation, Neuromuscular Disorders. Neurodegenerative disorder, Neurotherapeutics, Neurological Nursing, Clinical Trials, Recent research and Case studies.

Would like to give a glimpse of what's new in;

Robust exposure on the advantage of learning and knowledge throughout various lines of science under Neurology, Neurotherapeutics, Neurosurgery and Neurotherapeutics.

Aside from harnessing these stipulated [neurology conferences](#) trends, discussing on the risk issues under the attention over this entire spectrum. Most awaited progress of unlocking the mysteries is made in the course of the [World Neuro Congress](#).

With a rooted belief to create a systemic view of preventing, combating, and aiding the [neurological research](#) that emphasizes the sector-huge business delegates, collaborations, researchers and industrialists.

Inclusion of different demanded sessions for every participant like guest talks, Keynote/Plenary lectures, B2B meetings, Speaker Sessions, Young researchers Forum, Poster presentations, Workshop, symposium and even Exhibitions.

Deliver scientific equipment and techniques that ought to accelerate all of Neuro diverse topics, Neuro allied sciences, neurologists, neurosurgeons, neurorehabilitation physicians, neuro physicians etc.

And many more to know and get; Accompany us! Unitedly taking the oath of improving the understanding, behaviors, choices and novel research on the thinking mechanism that people make in relation to the brain.
